

Clive Moore

Clive Moore is a graphic designer and web developer who imparts a strong sense of mission to cm3—the quality driven creative boutique known for their innovative and award winning creative business solutions for the web, print and cd-rom.

Clive also has a passion about web standards, flash development, a really odd fascination with logos and an inherent need to make the web more usable and accessible.

Education

Georgian College - Graphic Design, Advanced Diploma with Honours

Humber College - Architectural Design Technology

Professional Experience

President, Creative Director – Creative Media Cubed Inc. (cm3) 1998 to present

cm3 is a multidisciplinary design firm that develops innovative creative solutions to business challenges. Our mantra is design by thinking. And we have a proven track record in applying this approach to new media and traditional print projects.

- Assess business requirements and project objectives
- Determine project deliverables, budgets and time frames
- Develop design strategies, technology requirements and creative direction
- Provide design and art direction for high profile initiatives
- Manage print, multimedia, web, and other projects
- Author CSS/XHTML coding and design standards for websites

Art Director – The Index Group 1997 to 1998

Marketing and Advertising Agency

- Responsible for the design and production of three periodical magazines
- Provide design and art direction for advertisements and marketing materials of various clients
- Diagnose and repair computer hardware, software and networking-related issues
- Participate in strategic planning sessions and all aspects of each project
- Represent The Index Group at client meetings

Freelance 1996 to 1997

- Account Director, Client Liaison
- Concept development/articulation, graphic design and production
- Manage the client through the design process to the final product
- Represent client's interest with trade suppliers
